Morning Scott-

Attached are exhibits C-Q of EPA's warrant application. The emails are contained in Exhibits G-N, and P-R. Exhibit G starts on page 40 of the attached pdf.

If you are interested in the full docket for the warrant, you can obtain it via Pacer, case 2:18-mc-00114-JPD. Or I can dig up the additional documents as well.

Thank you, Kris.

I can file the notice of violation next week, so please don't add to the stress of what sounds like an already bad day – getting them next week would be fine.

Have a great weekend!

Scott

Kris

I am putting together my Notice of Post Sentencing Violation for the November 30 hearing. I was planning on including a notice to the Court that Mr. Pillon was less than cooperative with EPA (the judge has specifically ordered him to cooperate, so I think she will want to know about what led up to the need for the Administrative Warrant application). You mentioned that you had some documentation or e-mails that reflect his lack of cooperation. Could I get copies of those?

Thanks again for your on-going help with this property! It is a VERY long road, but the progress we have already made gives me great optimism that we will get this done and protect the people and the environment.

Thanks,

Scott A. Marlow
